1. KOLNO type coal and ore vessels are under construction for the Soviet Union at the Szczecin (Stettin) Shipyard.
 - a. Three ships have been launched, one of which is almost completed. The superstructure is being finished. The funnel has been painted black, with a red band 15 to 20 cm. wide, on which the hammer and sickle are painted. Joiners are at work on the other two ships.
 - b. Two hulls are on the slips. The keel has been laid down on one hull, and plates are being laid on the other.
2. Since the yard is building these ships for a Soviet order, there is no lack of the necessary materials, and every requirement is met immediately.
